

QUERY SELECTED FOR SWARTHMORE DEBATE

Trinity Will Soon Choose Its Representatives—Glee Club Returns—Other College News Notes.

[Special to The Times-Dispatch.] Trinity College, Durham, N. C., December 10.—On Tuesday night the first of the double preliminary of the Swarthmore debate was held in the Y. M. C. A. hall. The question for debate this year is one chosen by the Pennsylvania Debating League. The query is, "Resolved: That our legislation should be shaped toward the gradual abandonment of a protective tariff." Those who took part in the preliminary Tuesday night are:

Affirmative—H. B. Hill, W. A. Cade, J. Cannon, P. W. Ruck, Negatives—J. N. Aiken, R. G. Cherry, T. B. Everton.

From these eight men, at the second preliminary, three will be chosen to represent Trinity. Dr. Frank C. Brown acted as chairman of the evening. The judges for the two preliminaries are Dr. Cranford, Professor Morgan and Professor Wannamaker.

Last Friday night at a meeting of the Fortnightly Club, held in the Hesperian Hall, W. G. Matton, of the senior class, presented a very able paper on "The Piper," a prize-winning drama of Mrs. L. S. Marks. The play came into prominence last spring by taking the \$1,500 prize offered in competition for the best drama. The play was given in the Shakespeare Memorial Theatre, in London, and was the number of representative men and women interested in work of this character.

The Glee Club returned Sunday night after a most successful week's work of the western part of the college. The state papers have been quite free in expressing their appreciation of the work done by the boys. The club will most likely take a trip during the spring to some of the eastern cities.

Professor John C. Wooten, of the biblical department, is to quit the college, having recently been transferred by the North Carolina Conference, held at Elizabeth City, to the pastorate of Grace Church, in Wilmington. Professor Wooten has been associated with the college for four years. He has been intimately associated with the many organizations of the college and has, as a member of the Committee on Athletics, helped to foster college patriotism. No one has as yet been appointed to fill the vacancy made by the resignation of Professor Wooten.

The Classical Club met last Thursday evening in the Latin room of the building. Professor Gill read an interesting paper on the development of the Roman house, from an architectural standpoint. The club has recently subscribed to a number of leading journals bearing on classical philology and archaeology that are printed in English. President Gill has appointed W. E. Eller to act as a representative of the Classical Club in the committee on student life.

Last night the Sophomores defeated the Freshmen in a highly spirited game of basketball. Score, 16 to 15. White again won the game for his classmates by throwing all fouls.

Mrs. W. H. Wannamaker entertained the Sigma Delta sorority at a supper Friday evening. Progressive forty-two was the game of the evening.

At the recent North Carolina Conference one of the most enjoyable events was the luncheon given by the old alumni of Trinity College. The Junior Hall of Elizabeth City was appropriately decorated, and the committee on arrangements, consisting of Rev. J. C. Wooten and D. M. Jones, provided an excellent menu. The spirit of the evening was largely in the nature of a realization of the Greater Trinity. Those who spoke at this occasion were: Bishop E. R. Hendrix, Rev. S. E. Mercer, Weldore Headmaster, S. B. Underwood, of Park School, Rev. J. H. McCracken, of Beaufort; W. B. Cooper, of Wilmington, and Dr. W. P. Few, of Trinity College. Rev. J. C. Wooten was re-elected president of the Trinity College Alumni Association of the North Carolina Conference, and Rev. H. A. North, of the Edenton Street Church, Raleigh, secretary.

The Board of Education of the North Carolina Conference has been instructed to confer with the same body of the Western North Carolina Conference with a view towards securing for Trinity College an additional \$100,000 endowment fund.

Big Stone Gap Social News [Special to The Times-Dispatch.] Big Stone Gap, Va., December 10.—Mr. and Mrs. Eskine Hazard left last week for Wilkesboro, Pa., to stay

Let Me Send You A Treatment of My Catarrh Cure Free

C. E. GAUSS.

I Will Take Any Case of Catarrh, No Matter How Chronic, or What Stage It Is In, and Prove ENTIRELY AT MY OWN EXPENSE That I Can Be Cured.

Curing catarrh has been my business for years, and during this time over one million people have come to me from all over the land for treatment and advice. My method is original. I cure the disease by first curing the cause. Thus my combined treatment cures with all ease fails. I can demonstrate to you in just a few days' time that my method is quick, sure and complete, because it cures the system of the poison germ that causes catarrh. Send your name and address at once to C. E. Gauss, and he will send you the treatment referred to. Fill out the coupon below.

FREE. This coupon is good for a package of Gauss Combined Catarrh Cure, sent free by mail. Simply fill in name and address on dotted lines below, and mail to C. E. Gauss, 4014 Main St., Marshall, Mich.

POSAM'S RARE HEALING POWER

Proved in All Troublesome Skin Diseases—Results Seen Overnight.

A skin affection treated with posam, the new skin remedy, immediately becomes responsive, itching stops and the trouble grows less annoying, less extensive, until it finally disappears and the skin regains its normal color and texture. Germ life is annihilated. "For a great many years I have been troubled with salt rheum on my chest. Nothing gave me any relief. Now I am completely well, and posam has done it," writes Mrs. Jessie Beach, Rockford, Mich.

All skin diseases, including acne, tetters, piles, salt rheum, skin scale, barbers' and all other forms of itch, are relieved and cured by posam, itching being stopped at once. The less serious troubles, such as pimples, red and inflamed, and itchy, rashy, complexion blemishes, etc., respond so readily that results are seen overnight.

Posam is sold in two sizes (trial, 50 cents; regular, large, \$2) by all druggists, particularly Travelers. For free sample write to the Emergency Laboratories, 32 West Twenty-fifth Street, New York City.

until after the holidays, with relatives and friends. W. R. Baker has gone to Kansas City on a visit to his brother.

Mrs. Mayo Cabell and children left Tuesday morning for Norwood, where they will spend the holidays with relatives.

Mrs. Otis Mouser returned last week from a visit to relatives and friends in Louisville, Middleborough and other points in Kentucky.

P. S. Wombwell, of Stonegap, chief inspector of the Stonegap Coal and Coke Company, returned Monday from a week's visit to New York.

W. R. Cranes, secretary to Congressman Slomp, left Saturday for Washington, to resume his duties.

Richard Cabell, who spent several weeks visiting his sister, Mrs. Mayo Cabell, left Tuesday morning for Arizona, where he expects to locate.

Mrs. Elizabeth Gilly is visiting her son, J. T. Gilly, at Keebles.

Mrs. L. O. Patti returned Thursday from a visit of a week to her cousin, Mrs. Spears Webster, in Bristol.

Mrs. H. S. K. Morrison is visiting her daughter, Mrs. Spears Webster, in Bristol, this week.

Professors R. M. and F. M. Crawford

Williamsburg Social News [Special to The Times-Dispatch.] Williamsburg, Va., December 10.—The Rev. W. W. Wilkerson, of New York, a popular student at William and Mary in the class of 1902, is spending some time in this city.

Mrs. Charles Blashaw, of Raleigh, N. C., has been the guest this week of her cousin, Miss Elizabeth Galt.

Professors R. M. and F. M. Crawford

The Crafts Piano Co.

INCORPORATED

Fifth and Grace Streets.

"It's better to deal with Crafts than wish you had."

The influence of both is in the direction of what the Americans call "hustle." Small wonder that nervous ailments are increasing, and that maladies of the heart are becoming more frequent with every year that passes. Excitement must tell injuriously upon the nervous system, and constant movement may agitate the heart. There was once a time when Sunday was a day of rest, but the habit of week-ending has put a stop to that.

The human teetotums twirl feverishly in towns and cities during four or five days out of the seven, and then fly off to hotels or country cottages for the other two or three. Vitality is wasted in this useless exertion, and discontent comes of feeling exhausted without any accruing benefit or profit. Serenity vanishes in the hubbub. Breakdown follows, and then, comes the doctor and the "rest-cure," often undertaken too late.

Can one of the reasons of this restlessness in women be owing to their having entered so much into comradeship with men in their amusement and their occupations? Few things are more infectious than this quality. Seeing other people perpetually on the move, like a swarm of gnats on a summer evening, makes others unsettled. But restlessness is an integral part of man. Nature gave it him as part of an equipment for doing the pioneering, the exploring, the discovering of the world. It is restlessness that makes the

adventurer, in the true and worthy sense of that perverted word. It was restlessness that sent Columbus across the seas to find the great continent of which he dreamed. This world could not get on without this inherent restlessness of man.

Women have not always realized that it is part of the masculine character. Many wives and mothers have made the mistake of supposing it eradicable, of thinking it something amiss, that needs setting to rights. They have tried various methods. Some try coaxing, some coercion. By failing to understand that restlessness is a part of the masculine character, women have missed married happiness.

and millions of mothers have made a place of discomfort for their boys. In the days before society became the huge agglomeration of mixed classes it now is, there was less inclination for girls and women to be perpetually in evidence. They were not only more at home, but were better home-keepers. Restless women cannot give time and attention to domesticity. They must dress and be in the public eye, in seeing and being seen. Any pretext is seized upon for this. Though thousands of earnest women have become suffragists through conviction, who were mistaken or otherwise, of the excellence of the cause, restlessness has swelled their ranks with many thousands more. Numerically, any party they join becomes superior, but it is doubtful if they make it intrinsically stronger. On the contrary, the restless element is usually a source of weakness in any community.

Could but this tremendous mass of energy be directed to some worthy aim, the world would be immeasurably richer. Fortunately there are many undertakings in which the abilities of women of leisure can be utilized, and some of these promise well for the benefit of the State.

The day will come, though not just yet, when women will be associated with men, not only in their sports and amusements, but in the real work of the world, and all this commotion of vague restlessness will have settled down to a force as powerful as that which directs the turbulence of the tides of that emblem of restlessness—the sea.

Emory and Henry Social News

[Special to The Times-Dispatch.]

Emory and Henry Social Club met Friday night, rendering a program on "Conservation of National Resources." Professor J. R. Hunter read a paper on "Means of Conservation," and Dr. J. S. Miller on "Arguments Favoring Conservation."

Ministerial students from the college will fill appointments at local churches next Sunday, as follows: W. M. Buntz, in Y. M. C. A., at 11 o'clock and B. P. Carroll, at 7 P. M.; James Johnson, at Blackwell's Chapel, at 8 P. M.; at Lebanon, E. W. Fisher, at Smith Chapel, and L. B. Hayes, at Meadow View.

Quite a number attended the Odd-Fellows' supper at Glade Springs, Friday night.

Mrs. J. H. Senter, of Bristol, visited at Professor J. L. Hardin's Wednesday and Thursday.

The Missionary Club met at Mrs. J. S. Miller's home Wednesday night.

Rev. T. T. Guy attended a missionary institute for Abingdon District at Damascus, Thursday.

Bishop of San Antonio, Tex., on Thursday.

Mrs. F. S. Halley left for her home in Corona, Ala., Wednesday, after having spent several months here visiting her mother, Mrs. J. R. Hunter. The latter accompanied Mrs. Halley home and will spend a part of the winter season in Alabama.

Miss Elizabeth Shodgrass, of Stone High School, near Greenfield, read a very interesting paper on "Impressions of the State Educational Conference" before the teachers' district meeting at this place Saturday.

The Faculty Book Club met at Mrs. S. M. Peery's home Thursday night of this week, with Dr. J. P. McConnell as leader.

A. B. Brooks filled his regular monthly appointment to South Fork Baptist Church in Smythe county, last Sunday.

John A. Buchanan, is at home from his official duties to remain till after the holidays.

Dr. Blakemore, alumnus of Emory and Henry, now a practicing physician in Muskogee, Okla., is here visiting his brother-in-law, Judge John A.
